TO TALK FEDERAL ROAD THURSDAY

Good Roads Boosters To Meet At
Court House Here—Madison
Must Get Busy

A lot of interest is being aroused in the good roads meeting which will be held at the courthouse in Richmond at 2 o'clock Thursday afternoon. Lancaster pike farmers are wanted especially at this meeting. Their farms are the ones that are going to be benefited and increased in value by the building of the federal highway along their pike to the Garrard line. They will be the ones who will ride this roadway the most and get the greatest pleasure from it and it is up to them to co-operate with other public spirited citizens in raising enough funds to insure that it will be built.

The fiscal court and the county are doing their part; the state and local government will give their half. Many generous citizens and good roads boosters who do not live anywhere near the Lancaster pike and may not use that road once a year, have contributed liberally to the fund that is being raised. It is expected that, of course, the Lancaster pike farmers will be more than glad to do their part. So far most of those who have been consulted about the matter have displayed the greatest enthusiasm about the matter and have indicated that they may be relied upon to do their full part.

The Garrard county folks are aroused over the matter from their end of the proposition, and it seems that the bond issue there will be voted by a big majority. A big taxpayer there gives the people some sage advice about bad roads etc in a card in the Lancaster Record, and Mr. Ledford of Paint Lick, again takes his pen in hand and says something. What they say will be of interest as indicating the feeling by property owners in Garrard about the matter which concerns Madison equally as well. The big tax payers who sign himself "Wagoner" writes:

Central Record:—

The time has come for the people of Garrard county to decide whether they will have good roads or not. Our highways, thoroughfares are no longer only passways for wagons, buggies and other light vehicles, but they have become avenues of commerce and must be built sufficient to stand the wear and tear of the heavy traffic hauled over them in great automobiles.

Your correspondent came to this county four years ago, and the roads of this county were two hundred per cent better then than now. The traffic has more than doubled in that time. When I came here I left a county which had only a system of mud roads which were bad in summer and almost impassable in winter and spring. For at least six months of the year 600 pounds was a heavy load for two mules. And in that county land would not bring over \$40 to \$50 per acre, when if they had a good system of roads, that same land would sell for \$100 to \$150 per acre for much of it is fine productive land. Now I have driven a team enough over these mud roads; and know whereof I speak. I want no more of it.

Now the Government proposed to help us if we will help ourselves and the question is, what will we do; will we avail ourselves of this help, and move onward and upward or will we take a step backward. I believe Garrard county citizens are equal to any of her neighbor counties when it comes to business foresight or patriotism. I also believe they will seize the opportunity now offered to have good roads.

The main thoroughfare through the county must be repaired and will be repaired regardless of the condition of all the other roads. This main road has become worn out like an old gun, lock, stock and barrel. About the only way to mend it is with a new one. It will take all the money we can get up by ourselves for the next twenty years to repair and keep up this road, and no money of any consequence can ever reach these smaller roads. Now a blind man can see this.

But under the proposed government aid this main road will be built and guaranteed for twenty years. Then we can have money to repair all the smaller roads and build new ones. Now your "Uncle Samuel" has more money than any other man or set of men on God's earth, and he says every time you lay down 40 cents he will make it a dollar. But we don't know that he will ever say so again.

The 30th day of March is the day; go to the polls; take your neighbor along and ask him to vote that we may all have roads.—Wagoner.

THE WEATHER

Cloudy tonight and Thursday;
probably local rains.

LOCAL POST FIFTH IN STATE STANDING

American Legion Boys of Madison
Make Good Showing In
Membership Drive

Commander Harry D. Rice and other members and officers of Jesse M. Dykes Post, of American Legion are proud of the standing that the local post made in the membership drive in Kentucky. Richmond stood fifth in the list of the entire list of Kentucky posts in the fifth week of the campaign. The membership drive bulletin just received from state headquarters, give the following information of interest to the legionaries:

The following posts reported to state headquarters the largest numbers of new members during the fifth week of the campaign:

- 1.—Hopkinsville, Christian co.
- 2.—Louisville, Jefferson county.
- 3.—Lebanon, Marion county.
- 4.—Pikeville, Pike county.
- 5.—Richmond, Madison county.
- 6.—Paducah (col.), McCracken county.
- 7.—Owensboro (col.) Daviess county.
- 8.—Owensboro, Daviess county.
- 9.—Bellevue, Campbell county.
- 10.—Burlington, Boone county.

New Posts During Week

- 99.—Columbia, Adair county.
- 100.—Dawson Springs, Hopkins county.
- 101.—Hopkinsville (col.), Christian county.
- 102.—Hopkinsville (col.), Christian county.
- 103.—Fredonia, Caldwell county.
- 104.—Munfordsville, Hart county.
- 105.—Munfordsville, Hart county.
- 106.—Munfordsville, Hart county.
- 107.—Munfordsville, Hart county.
- 108.—Munfordsville, Hart county.
- 109.—Munfordsville, Hart county.
- 110.—Munfordsville, Hart county.

There are now in process of organization in the state of Kentucky approximately 20 new posts. Many of the posts organized since the first of January are showing splendid results in the membership drive and are leaving many of the posts organized during the summer of 1919.

Attention is called to the fact that 19 posts of the state have not as yet turned in any report showing an increase during the membership drive. We know that several of these posts have done well and expect to be able to report for them during the next few days. We would urge all officers of local posts and all legionaries engaged in the membership drive to continue the work which has shown such splendid results during the past four weeks. There are thousands of ex-service men in the state of Kentucky who are simply awaiting an invitation to join an organization of their "buddies."

The legion weekly should be delivered to all legionaries of Kentucky during the week of March 12th.—S. S. Jones, Organization Adjutant.

Villa Turns Him Loose

(By Associated Press)

El Paso, Texas, March 10.—Joseph Williams, of El Paso, an employee of the American Smelting and Refining Company, who was captured and held for ransom by Villa, when the bandit wrecked a train on the Mexican Central Thursday, has been freed, according to a telegram from Williams to his employers here today.

No More Loans To Allies

(By Associated Press)

Washington, March 10.—Bullitt.—The Allied governments will receive no more loans from the American government, Secretary Houston announced today. He said loans to the Allies to date were nine and a half or ten billion dollars.

Army Bill Approved

(By Associated Press)

Washington, March 10.—The authorized peace time army of 289,000 men and 17,820 officers, was approved today by the House by a vote of 79 to 25. It refused to amend the army reorganization bill so as to fix a maximum strength at 240,000 officers and men.

Charles Tapp, at the corner of B. and Irvine streets, has been appointed local agent for the Swift & Company creamery purchases and will prove a popular appointment.

Best mixed feed or ship stuff at Gordon's—\$58 ton. It.

COL. FRANK L. RIPPY ANNOUNCES FOR CONGRESS

Well Known Anderson County Democrat Enters the
Congressional Race In the 8th District

Formal announcement is made today by Col. Frank L. Rippy, of Lawrenceburg, as a candidate for the Democratic nomination for Congress in this, the Eighth district. Col. Rippy has already made two visits to Richmond, and made a fine impression upon the democrats and citizens whom he met. He is at present County Attorney of Anderson county, and has been prominent in politics in the district and state for several years.

In addition to the many qualifications to the high office he seeks, Col. Rippy is going to have a mighty close place in the hearts of a great many for the splendid service he gave his country during the war. He fought against the Hun on the other side of the water and served with distinction until the war was over. His home paper, the Anderson News, in making his announcement this week, has this to say of him:

"The Democrats of the Eighth Congressional district will be interested to see the official announcement of Col. Frank L. Rippy, of Anderson county, as a candidate for the Democratic nomination for Congress in said district, subject to the action of the State Primary Election—Saturday, August 7, 1920.

Col. Rippy's candidacy has been recognized as a foregone conclusion for several weeks. Messages from all parts of the district have been coming in from leading democrats pledging their support in the event he decided to make this race.

He has served his city four terms as City Attorney having re-

LOCAL MAN'S BROTHER GOES TO RICH REWARD

I. T. West, aged 74, brother of James H. West, of this city, died at his home in Frankfort Monday, after a week's illness. He is survived by his wife and two children; James West and Mrs. Robert Bergman, of Irvine.

For many years Mr. West was connected with the internal revenue department. He is reported to have had fortunate oil holdings at his old home in Estill county. When a number of men were laid off the internal revenue staff a few years ago, he voluntarily gave up his place, that another who had a family dependent upon him, should not lose his job.

Mr. West was a consecrated member of the Baptist church. He was a former member of the Legislature from Estill and Jackson counties and a Union veteran. Death was caused by a blood clot on the brain.

LEGISLATURE KILLS ILLITERACY BILL

McCreary County Senator Delivers
Classic Address—Solons
Speed Up In Closing Days

Frankfort, Ky., March 10.—During debate in the Legislature Tuesday on a bill providing for the establishment of a state department of adult education Senator Hogue, Republican of Pine Knott, representing the home district of Governor Edwin P. Morrow, spoke as follows:

"I ain't in favor of wastin' no more money of this here fair state of ours on this thing o' teachin' old people. It ain't no use."

"Furthermore, they don't deserve it. How'd I git my education? Why, I got it by hard work when the people they're a-wantin' to teach now was out gallivantin' around. They didn't try to git no education, they didn't, and I ain't in favor of spendin' no money on 'em now."

"I ain't feared to vote against this bill, though they's some here that is. They're not runnin' for no office. But they's some weak-kneed politicians here that's afeared of the women. I ain't got no use for these women that run around with a poodle dog in their arms, and I ain't afeared of 'em."

Senator Hogue declared the only woman he esteemed was the "woman with a baby in her arms and her foot on the cradle."

Creates Another Office

Passing without opposition the bill the Senate took the first step toward establishing the office of comptroller in counties and cities of this state. Under its provisions the comptroller shall supervise, control and audit accounts of all departments, bureaus and officers of the municipality or county, who collect, receive or expend public money or who are charged with management or custody of the money.

The measure provides that the Comptroller shall be elected by the voters at the regular city or county election for a term of four years, and shall be required to give a bond of not less than \$10,000, nor more than \$50,000, in cities of the first and second class and counties having cities of the first and second class, and a bond of \$2,500 to \$10,000 in third and fourth class cities and counties containing such cities.

Senator Metzger, of Newport, changed his vote from "No" to "Aye" on motion to table the bill establishing a department of adult education and killed the bill. The vote was 18 to 18. This measure was supported by 10,000 club women of Kentucky.

Women suffrage was given tremendous impetus when the House passed the Lazarus bill granting Presidential suffrage to women. The vote on the bill was 52 to 8.

The Senate passed a resolution allowing the chief clerk and assistant clerk of the Senate and the chief clerk of the House a bonus of \$250 each for extra work.

Other bills passed are:

Senator Burton's allowing \$50 reward for the capture of an automobile thief; Senator Park's giving to the Sheriff the right to kill stray dogs without impounding them; Senator Antle's, to provide for county public libraries, passed unanimously; amendment to the statute relating to indexing conveyances, as indicated in the bill of Representative Clarno; Senator Brock's to require half hour weekly in public schools for instruction in humane treatment of animals; Senator Carter's, providing that sufficient names may be put in the jury wheel to last for one year; Senator Stoll's, to increase the salary of the Deputy Insurance Commissioners to \$3,000; Representative Williamson's to provide for incorporation of the Jefferson-Davis memorial; Senator Swinford's increasing the Confederate pension from \$12 to \$15 a month; Senator Early's, to punish for conspiracy to defraud the state, county or city; Senator Nunn's, to provide for adoption of the commission form of county government; Senator Hall's providing for assessment and collection of taxes for special charter schools; Representative Van Hoose's bill to incorporate the Kentucky Horticultural Society and appropriate \$5,000 for its benefit; passed, 32 to 2.

The bill of Senator Rives, to give Circuit Judges concurrent jurisdiction with County Judges in Juneville Court cases was passed, 24 to 6.

One of the most heated discussions of the session developed in the House of Representatives during consideration of the bill providing for an occupation tax to be levied on trading stamp companies, wholesalers and jobbers of cigarettes, billiard and pool tables, oleomargarine dealers; child ren-

dered, 32 to 2.

By vote of 27 to 4, the Senate passed the Swinford bill authorizing superintendents of institutions to give parental consent to adoption of

children.

HARDMAN BOYS WANT TO THROW SWITCH

(By Associated Press)

Lexington, Ky., March 10.—Tupper L. and Robert Lee Hardman, brothers of Geneva Hardman, at the head of a delegation of 19, left here today for the Eddyville penitentiary to witness the electrocution of Will Lockett, the negro slayer of Geneva. Both will ask permission to throw the switch which releases the current and shock Lockett to death Thursday morning.

\$50,000 FIRE IN PARIS TODAY

(By Associated Press)

Paris, Ky., March 10.—Fire originating in the attic of a confectionery store here today, destroyed it and the Fair Department Store. The loss is \$50,000.

Big Business

New York, March 10.—Unfilled orders of the United States Steel Corporation February 22nd, were nine and a half million tons, an increase of 216,000 tons compared with January 31st. This is the ninth consecutive month to show an increase.

American's Profits Dropped

(By Associated Press)

New York, Mar. 10.—Net earnings of the American Tobacco Co. last year amounted to \$15,900,000, a decrease of a million and a half compared with the previous year. Total sales were \$146,000,000, an increase of a million and a half.

To Test Inquisitorial Powers

(By Associated Press)

Washington, March 10.—A suit to test the powers of the Federal Trade Commission was instituted today in the District Supreme Court by the Maynard Coal Company, of Columbus, O. It is the first of several legal actions, planned by the National Coal Association to determine how far the Commission may go in requiring private corporations to furnish information about their business.

Sims Still Talking

(By Associated Press)

Washington, March 10.—Failure of the Navy Department to fully co-operate in the war during the first six months after America's entry, cost half a million lives, fifteen billion dollars, two and a half million tons of shipping and prevented victory over Germany by July, 1918. Rear Admiral Sims told the Senate investigating committee in presenting documentary evidence in support of his charges of delay against the department.

Hog feeders—see wheat mid-

clings at \$62 ton at Gordon's. It

railroad eating houses, restaurants, real estate agents and for bottling soft drinks, on theatres and on retail dealers in soft drinks and ice cream.

After the bill had been amended by striking out provisions for taxing dealers in patent and proprietary medicines, gasoline filling stations and garages, the measure was passed, 57 to 33.

Occupational taxes are imposed by the bill as follows: Trading stamp companies, \$350; hotels, 50 cents the room; wholesalers and jobbers of cigarettes, \$50 billiard or pool tables, \$50 for first table and \$5 for each additional table; soft drinks, bottling, \$50; oleomargarine dealers, \$10; railroad eating houses \$15; transient vendor of trader of patent secret or proprietary medicines, \$50 restaurants, \$10; real estate agents, \$25; shooting galleries, \$5; theatres, 25 cents the seat; retail dealers in soft drinks and ice cream, \$5 auto hacks and stages used for hire, \$5 for each vehicle; regular hack lines, \$15 on each hack or stage; second-hand dealers of personal property, \$100.

After refusing to table the prohibition enforcement bill, the House concurred in the Senate amendments and passed the measure, 58 to 12.

By vote of 27 to 4, the Senate passed the Swinford bill authorizing superintendents of institutions to give parental consent to adoption of

JACKSON COUNTY OFFICERS CLEARED

Investigation Alleged To Show
Authorities Did Not Free
Baker Boy.

Jackson county officials were exonerated of all blame in not holding Kimber Baker, a native of that county, charged with the murder of Harry Baker, a Hamilton, O., policeman, according to a report made by Commonwealth's Attorney Godfrey I. Rader, to Gov. Morrow. Upon the complaint of Ohio officials that Sheriff Wm. Baker had allowed the fugitive to escape after having him in custody, Gov. Morrow ordered Rader to make a complete investigation of the affair. A copy of his report was sent to the Governor of Ohio.

Upon the receipt of a telegram from Chas. H. Strucker, of Hamilton, County Attorney H. Clay Baldwin and Magistrate York arrested Kimber Baker, and took him to McKee, the county seat. Mr. Baldwin says that he is of the opinion that he turned the prisoner over to Sheriff Wm. Baker there, which is denied by Sheriff Baker and others.

Herman and Hetrick, detectives from Hamilton, asked Sheriff Wm. Baker to arrest Kimber Baker on a charge of murder, but they had no warrant, copy of indictment or other paper to show cause for arrest, according to Commonwealth Attorney Rader's report. Without such a paper Sheriff Wm. Baker refused to make an arrest. In the meantime Kimber Baker was staying at the home of his father, George Baker, himself a deputy sheriff. He disappeared December 18 or 19, and has not been heard of since.

The Ohio detectives admitted that they did not believe Kimber Baker guilty, says Mr. Rader, in his report to Gov. Morrow, but that they wanted Baker as a witness against other defendants.

FALK TO DELIGHT AT NORMAL THURSDAY

The many lovers and critics of music in Richmond will no doubt be delighted at the news of the return engagement of Jules Falk, the renowned violin virtuoso, who is to play at the Normal Auditorium Thursday night. Falk is one of the few violinists of American birth and genuinely nation-wide reputation, who yet is classed by musical critics along with the great European performers who occasionally visit us. To be judged in the same review with Kreisler, and not to suffer by the comparison, is high enough praise; but there is no question that Falk justified it. Reviewers from every quarter unite in testifying to his incomparable smoothness and velvetness of tone, to his perfect technique, to his versatility and insight into the most widely different types of composition, and to the dignity and directness of his interpretation and his freedom from the sensational mannerisms which sometimes mar even the greatest artists. Incidentally, it is interesting to note that Mr. Falk plays on one of the finest and rarest of instruments, a Stradivarius for which he recently refused an offer of \$30,000. Falk's record in the best musical circles in Europe is so high as to justify the pride which Americans feel in one of their own national artists; as one whose reputation does not rest simply upon the natural partiality of patriotism. His program on Thursday night will include an interpretation of several Indian themes by Cecil Burleigh; together with a varied selection from Tchaikowsky, Chabrier, Handel, and other composers. Music-lovers are urged to secure their seats early, as the number of reservations limited, and a record audience is expected.

Arguments Completed in

Prohibition Amendment Cases

Washington, March 10.—Determination of the validity of the prohibition amendment and parts of the enforcement act now rest with the Supreme Court. Arguments were completed today in appeal of the Kentucky Distilleries and Warehouse Company. A decision is not expected before the June adjournment.

For Congress

RALPH GIBBERT, of Shelby County.

No Change In Dog Law

After all the argument, pro and con, it now looks like there will be no change in the present dog law by the legislature. The bill fathered by Representative Dean, of Jackson county, which is called the "country unit" dog law got through the House, but the Frankfort correspondent of the Lexington Leader, says it will never see the light of day in the Senate. He says: The Dean county unit dog law, which passed the House, because Representative Murphy, of Covington, had pledged his vote to it to get his anti-hand book bill thru, probably will die in the Senate Rules Committee's hands. It never would have passed the House had not several Republican representatives from wool producing districts been satisfied that it couldn't pass the Senate and to be regular. At that, some of them voted against it.

Burley growers in the bluegrass are far more fortunate than their

LISTLESS PEOPLE SELDOM POPULAR

You Can't Attract Friends When You're Feeling Dull and Despondent

POPULARITY GOES TO THE RED-BLOODED

Pepto-Mangan Brings Vigor, and Health and Happiness To Anemic Persons

When you're feeling your best—when you're brimming with happiness, "pep" and enthusiasm—people just can't help being drawn to you. You're a favorite wherever you go.

But when you're constantly tired and dull—when everything is too much trouble—when you're bored with yourself—it's natural that you affect your acquaintances likewise.

If you're not feeling up to par, you're not. If you're not sick exactly, but are just run down, what you need is a good tonic. The food you eat is not becoming energy-making, red blood.

Everyone gets run down occasionally. But it's not necessary and really dangerous to let this condition hang on. A bottle of Pepto-Mangan, the famous red-blood builder, would supply the iron and other properties your blood now lacks—would bring back your old-time energy and enthusiasm—would put color in your cheeks and spring in your step.

Pepto-Mangan is agreeable and convenient to take, and endorsed by physicians everywhere. Can be had in either liquid or tablet form. There's no difference in their effectiveness.

Ask your druggist for Pepto-Mangan, and be sure it's Gude's—the genuine. The name "Gude's" should be on the package. It

brothers of the Black Patch in western Kentucky. The Bowling Green market sold 10,627,560 pounds of the tobacco for only \$1,617,769, while Richmond's sales of about 8,500,000 will net over \$4,500,000.

The legislature refused the appropriation needed to complete the work of the Illiteracy Commission. Mrs. Cora Wilson Stewart will now see the great work she had so faithfully built up, go for naught. A few more years and there wouldn't have been a man, or woman in Kentucky unable to read or write. This is a backward step for old Kentucky.

MISS WARD'S COMPANY RESULTS ARE AMAZING, SAYS THIS WOMAN

"I Can Feel Vola-Tonic Helping Me," Says Mrs. Nagel-esien

Although Mrs. Emma J. Nagel-esien, of Apartment No. 5, at 333 West Ninth street, Cincinnati, O., has taken less than one bottle of Vola-Tonic "Builder of Strength" she says the results are already amazing.

To illustrate how Vola-Tonic built up her strength, Mrs. Nagel-esien told of the difference she can notice when doing her sweeping.

"Sweeping used to tire me out but since Vola-Tonic built up my strength it is easy for me," she said.

"I was run down and weak and nervous before I took Vola-Tonic. My appetite was very poor and the little food I did eat didn't digest right. I felt so badly that at times I could hardly get about and my work was becoming harder and harder for me.

"Vola-Tonic's work is amazing. I haven't taken all of the first bottle yet but I can just feel it helping me and am getting better all the time.

"My appetite has come back and I can properly digest the food I eat now so that it does me some good. The weakness and nervousness is disappearing and I am gaining in strength and already am so much stronger that the housework is a great deal easier.

"I am convinced that Vola-Tonic is all it is represented to be and I do not hesitate to recommend it to everybody."

If you are feeling weak and run down get Vola-Tonic, "Builder of Strength"—today!—and get back real health and vigor.

Vola-Tonic is being specially introduced in Richmond by the Richmond Drug Company. 8 10

FORMER MAYOR ENDORSES TANLAC

"You'll Hardly Know Me When We Meet Again; For I Am Getting Well," He Writes Friend.

One of the latest additions to the list of leaders of thought and action who have come forward with their unqualified endorsement of Tanlac is the name of Hon. Frank V. Evans, former Mayor of Birmingham, Ala., ex-State Examiner of Public Accounts of Alabama, and at one time editor of one of the South's greatest newspapers, The Birmingham Age-Herald.

Writing to a personal friend in Atlanta, Mr. Evans says:

"Birmingham, Ala., Feb. 2."

".....By the way, you will hardly know me when we meet again, because I am getting so well and strong again. As I told you while in Atlanta last month, I have been suffering a long time with gastritis, as the doctors call it—really a disordered stomach with consequent constipation pain in the shoulders, headache, belching, heartburn, loss of appetite, loss of sleep, and fainting spells. For weeks I could not sleep on my back.

"One week ago; upon recommendation of friends who had tried the medicine, I purchased one bottle of Tanlac and began taking it. Since my second dose I have suffered none of these troubles to which I refer, and really I believe I am going to get perfectly well and strong again. Won't that be wonderful at my age? Well, certain it is that Tanlac is a wonderful medicine and you know I am not giving to 'puffing' mere experiments and am rather orthodox as to materia medica.

"I shall continue the treatment with perfect confidence in the final results."

Signed,

"Frank V. Evans."

Tanlac is sold in Richmond by Stockton and Son. 1t

R. I. RED ASSOCIATION FIXES EGG PRICES

The Berea Rhode Island Red Poultry Association met Saturday at Berea and elected the following officers:

President, Mrs. R. C. Coomer, Speedwell.

Vice President, Mrs. Luther Todd Coyle.

Secretary-Treasurer, R. F. Spence, Berea.

Assistant Secretary, Mrs. John L. Green, Berea, Route 1.

Divisional Secretaries, S. P. Caudill, Mt. Vernon, R. 1. Mrs. M. M. Robinson, Berea. Mrs. J. H. Gentry, Speedwell.

The Association discussed ways and means of promoting more and better poultry for Eastern Kentucky. Since this Association believes in painting Eastern Kentucky "Red," they set the price of eggs for hatching purposes low enough so that everybody could raise purebred Rhode Island Reds and help standardize and paint Eastern Kentucky "Red". The price are:

One setting	\$1.50
Two settings	2.75
In lots of 50	4.00
In lots of 100	7.00

Special pens of pedigree stock, per setting—3.00

The Association urges the raising of more poultry this year for several reasons, two of which are for more meat and more eggs. On each farm flocks could be increased 50 per cent and not be too big a flock for the average farmer. It is not so expensive to raise the chickens in the spring and summer as it is to feed the non-producers through the winter. This being true farmers should raise many in the spring and summer and cull them in the fall for egg producers, and sell the slackers so as to get rid of boarding them in the winter.

POTTS Gold Dust Flour makes better bread. Try and be convinced. Ask for it. 57 6

You Can't Fool the People

Some produce dealers advertise "We pay the top price for poultry and eggs all the time," and others state "Highest price paid for produce," and a good part of the time they are several cents under my prices and some few times pay as much and as far as I have been able to find out never any more. The people know I pay just as I advertise "The Top Price," that's why L. T. Wilson's produce house is the busiest spot in Richmond. I lead, others follow, when they can.

DR. RICHARDS' WORDS SHOW WHY TRUTONA OVERCOMES BAD AFTER-EFFECT OF "FLU"

"An Appetizer, System Builder, Strengtheners and Real Nerve Tonic," Prominent Physician Declares of Perfect Preparation—What All "Flu" Victims Need.

"As an appetizer, strengthener, system builder and real nerve tonic, I can heartily recommend and commend Trutona."

Dr. J. Richards, the prominent Tennessee physician, in making the foregoing statement, has really pronounced Trutona a remarkable treatment for overcoming serious after-effects of influenza, pneumonia and the like.

Victims of these dreaded winter maladies, after "recovering" from an attack, almost invariably find themselves possessed of little or no appetite and their system in a dreadfully weakened, run-down and nervous state. Considering Dr. Richards' words it is easy to understand why Trutona has proven such a remarkable remedy for overcoming these bad after-effects. "An appetizer, strengthener, system builder and real nerve tonic"—these are the qualifications that have won for Trutona the unstinted praise of thousands of unfortunate influenza and pneumonia victims.

What Others Say

Mike Hamilton, a traction company employe, and well known Terre Haute, Ind., man who lives at 418 South Pearl street, en-

thusiastically praising the reconstructive powers of Trutona says:

"I can hardly realize how much good Trutona's done for me in ridding my system of the after-effects of influenza. I certainly feel different nowadays and I can highly recommend Trutona, especially as an after-the-flu medicine."

Harry Lee, 1661 Gallagher st., Louisville, Ky., a sufferer from the after-effects of pneumonia, says: "I've gained 28 pounds and feel fine now—just like a new man, since taking Trutona," all of which is surely conclusive proof of Trutona's merit.

"I've found Trutona to be very efficient in overcoming after-effects of influenza," declares Mr. Iva Gates, a well known Peru, Ind., woman of 155 Canal street.

There are scores of other similar statements and they prove conclusively that there is no better preparation for the treatment of after-effects of pneumonia, influenza, deep colds, and the like than Trutona.

Trutona is sold in Richmond at H. L. Perry & Son, drug store. 10 17

MISS NOLAND'S FINE WORK AT STATE

Miss Zerelda Noland, daughter of Mr. and Mrs. A. S. Noland of Richmond, and a Senior in the College of Arts and Sciences of the University of Kentucky, has been doing exceptional work all thru her university course. Her major subject is English while Romance Languages is her course minor. During the last semester the majority of her grades were A's and B's.

She is a member of the Alpha Xi Delta fraternity and she also belongs to many of the "campus clubs", including the English Clubs, Philosophical Literary Society, Romance Language Club, Economics Club, and the Young Women's Christian Association.

Miss Noland was graduated from Loretta Academy, Loretta, Kentucky and entered the University in 1916. She has been an excellent student thru her entire school career and her many friends predict a very successful future for her.

Stanford Court Day

The Interior Journal says court day was a dull one at Stanford. There were only about 100 cattle at Jones' Stock Yards all of which sold. Prices ranged from 8c to 10c per pound. The mule trade was fairly good, a number of pairs of hybrids selling at \$350 to \$500. T. W. Jones sold a pair to T. C. Rankin for \$450. R. E. Benedict sold a dozen heavy Indiana mares at all the way from \$100 to \$175. He sold at Hustonville Saturday afternoon 20 at about the same price.

Mrs. R. B. Terrill left Monday for an extended stay at Mt. Jackson.

THE DEATH OF JAS. CUNLIFFE

(Contributed)

The death angel came into our midst March 4 and summoned one of Richmond's most successful and beloved business men from us.

James Cunliffe, who was just in the prime of life, thirty-five years old, and a barber in East End of Richmond. His death was due to complications, developing into pneumonia which he could endure for only a few short days. The Lord calls his own with very short warning. He gave life which was not meant to be for ever, but for only a short while. We are not our own for we are bought

with a price, which is the blood of Jesus Christ.

James Cunliffe was a Christian man having been able to tell of his experience during the last. He told his family and friends that God had called him and he was glad and ready to go. He had been a Christian since he was eighteen years old. "What" a great consolation to his loved ones and friends, he having made this confession.

Mr. Cunliffe leaves a young wife and four small children, his father, mother, Mr. and Mrs. R. B. Cunliffe of Richmond, two sisters, Mrs. P. Witmer, of Winchester, and Mrs. John Riley, of Doyleville, one brother, Mr. Preston B. Cunliffe of Richmond, who have the sympathy of their friends. Their loss is heaven's gain. Mr. Cunliffe was well known in this city and numbered his friends by his acquaintances.

A FRIEND

Resolutions

Whereas, it has pleased Almighty God, the Great Architect and Supreme Ruler, to summon from labor to refreshment in the Great Beyond, our brother, Wm. H. West, therefore be it,

Resolved, that in the death of Bro. West, this lodge has lost a true and faithful brother and our county an upright and useful citizen, whose loss is sorely felt.

While we mourn his loss, be it Resolved, that we extend to the members of his family our heartfelt sympathy in their great bereavement, and furthermore be it Resolved, that a page in our minutes be set aside to his memory and a copy of these resolutions be sent to his family.

JACK WAGERS,
R. L. TELFORD, Com.

Resolutions

Richmond Lodge, No. 25, F. & A. M.

Whereas, it has pleased our Heavenly Father to call from among us our Brother, A. D. Estes, who departed this life on January 17, 1920, therefore, be it

Resolved, that our lodge has lost a faithful member and his wife a kind and loving husband.

Resolved, that we extend to his relatives our sincere sympathy in this sad hour of bereavement.

Resolved, that as a mark of our esteem, and in fraternal remembrance of him, a copy of these resolutions be spread upon a page in our records, a copy sent to his beloved wife and these resolutions be published in the Richmond Daily Register.

The Most Enthralling Picture Drama
that the Art has ever produced

Stroheim's Wonder-Play

Directed by Stroheim himself

"BLIND HUSBANDS"

THE Editor of PHOTOPLAY, probably the foremost authority in the country on the merits of moving pictures, says that of all the pictures he has seen this year, "BLIND HUSBANDS" is one of the three best. "BLIND HUSBANDS" has fewer explanatory titles than any big picture ever made—which means that its story is so absorbing and so flawlessly acted that explanation is almost unnecessary. The plot, involving the destiny of a wife, a husband and another man, is very simple but so absolutely gripping that once you see the deadly peril into which it is leading, nothing short of a million dollars could make you take your eyes from the screen. And towards the end of this picture you'll have the biggest surprise you ever had in your life. See it now—then tell your friends. Don't let them miss it.

CLEVELAND SIX

No Other Light Car Offers So Much

Unusual power and control, quick pick-up and extraordinary acceleration to real speed, are features inherent in the Cleveland Six and features with which Cleveland owners are delighted.

Many a Cleveland Six owner has said, "It would be hard to tell you what a good car the Cleveland honestly is. It's wonderful."

The Cleveland is wonderful because it is a splendidly developed and finished product, not a car rushed into the market. Three years ago the plans for production of this car were far advanced. But, with war approaching, production and marketing were delayed though experimental and engineering work were continued and test cars kept on the road. When war ended, came the Cleveland. Built in a fine big factory, with all

conditions and equipment assuring the very best of manufacture, and built by men whose successful experience had been wholly in the production of fine cars, the Cleveland Six began rolling out to the world last August. Since then thousands have gone to delighted owners, and thousands more are going every month.

There isn't any other light car that will give you so much of all that you wish, and at such a fair price.

Come let us show you what a car the Cleveland is

Touring Car (Five Passengers) \$1385; Roadster (Three Passengers) \$1385; Sedan (Five Passengers) \$2195; Coupe (Four Passengers) \$2195; All prices F. O. B. Factory

No Waste Motion Here

The packing business is noted for the elimination of waste in manufacturing.

Swift & Company is equally effective in saving waste in the distribution of products.

From ranch or farm to your meat dealer there is no loss of time, money, material, or motion.

Four hundred branch sales houses in large cities and towns, hundreds of regular refrigerator car routes reaching small towns, all directed by wire from a central point, bring meat products from our packing plants located in producing areas, to retailers in all parts of the country in the best possible condition, in the least possible time, at the least possible cost, and over the most direct route.

The total expense, for manufacture, freight, and selling direct to the retailer, is less than three cents per pound on all meat sold.

Our profit from all sources is only a fraction of a cent per pound.

Competition compels this close-cut saving. Large volume of business, a well-balanced, nation-wide organization, and expert attention to details by men who know, make it possible.

We are in your service—at least expense and profit.

Send for our 1920 Year Book and get the facts about our business. Address Swift & Company, Union Stock Yards, Chicago, Illinois.

Swift & Company, U. S. A.

Myrtle Gibson, 20, of Akron, O., alleges that Sidney Brink, caught in Cincinnati, induced her and two Chattanooga girls to go to Lexington on promise of positions at \$25 per week, and finding no work that they were persuaded to enter a house raided by federal authorities.

Relatives have been called to

the bedside of W. A. Gray, of Mercer county, who developed blood poisoning following a scratch on his hand.

At Flemingsburg a bronze tablet to Samuel H. Jones, known as the friend of the poor, who died at the age of 90, has been placed on the wall of the city building, the gift of citizens.

EVERY AUTOMOBILE OWNER NEEDS LIABILITY INSURANCE WHETHER IN THE CITY OR COUNTY

Traffic density causes many accident, but not all. Automobiles are not operated on sanded rails over private right of way. No driver of an automobile can always guess correctly what pedestrians will do or out-guess the other driver every time.

NECESSITY—Automobile liability insurance, covering liability for personal injuries.

WISDOM—Automobile property damage insurance, covering liability for damage to property of others.

PRUDENCE—Automobile collision insurance, covering damage to the insured automobile by collision.

It is not the amount of money one pays for insurance that counts, it is the amount of insurance plus the amount and quality of SERVICE one gets for the money.

Amanda Broadus to Joe Cusick, lot in Valley View, \$125.

Andrew Isaacs to Estill Jones, lot in Berea \$1 (\$1.50 in stamps).

J. E. Dalton to A. D. Estridge lot in Berea, \$2,350.

Master Commissioner to R. F. Emmons lot in Richmond, \$1,672.

Mrs. J. J. Powers to R. W. Nelson, lot in Richmond, \$1 (\$1.50 in stamps.)

Grant E. Lilly to Annie C. Myers, lot in Richmond, \$1,000.

Mary M. Powell to Robert Million, lot in Richmond, \$300.

MARKETS ARE CLOSING

Poor offerings of tobacco at Lexington Monday caused low averages on the local market, the prices ranging from 5c to 60c a pound. Two warehouses closed for the season and several more of the remaining fifteen are expected to close this week, except for storage purposes.

The Bourbon Tobacco Warehouse Company sold 31,900 pounds of tobacco for an average of \$43.16 Monday. The last sale of the season will be held next Friday.

The World's Largest Production of Tires on the Smaller Cars Alone

We call attention not so much to the size of this average daily production as to the extent of the effort we put into the making of these 30x3-, 30x3½-, and 31x4-inch sizes.

The separate factory we have devoted to their manufacture is not only the largest of its kind in the world, but it makes fully effective that experience and resourcefulness which have produced the tires most popular on the higher-priced cars.

No tires bearing the Goodyear name contain a higher relative value than these tires for Ford, Chevrolet, Dort, Maxwell and other cars requiring the sizes mentioned.

If you own one of these cars, go to the nearest Goodyear Service Station Dealer for these tires and for Goodyear Heavy Tourist Tubes. He has them.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread. \$23.50
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread. \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30 x 3½ size in water-proof bag. \$4.50

GOODYEAR

THE RICHMOND BUICK COMPANY

SELLS THE FAMOUS GOODYEAR TIRES AND HAS ALL SIZES INSTOCK. ORDER YOURS TODAY.

At London Harry Gregory, grocer, lost a leg in the Southern Motor Co.'s fire, and is suffering considerable inconvenience. He had just sent the member to the shop to have a joint repaired.

Chas. Hungate, 70, farmer, and Mrs. Stallard Hungate, 21, his daughter-in-law, died at the same hour of pneumonia in Mercer county.

U. S. engineers have been ordered to make a survey of the South Fork of the Kentucky river from Beattyville to Oneida, to determine the cost of proposed locks. Vast timber and mineral resources would be liberated.

No physician could be secured

when Wm. Wood fell and broke his arm in Carroll county, so his daughter set the bones. Surgeons say it will not have to be reset.

Jimmy Ellen Barr, 6, of Carlisle

was shot in the corner of her eye with an air rifle in the hands of a little companion, but the ball of the eye was not pierced, and physicians believe she will not lose vision.

In a game of basket ball at Centre College Edward Diddle, team captain, was thrown against the wall and his left foot broken. He will not be able to participate in remaining games of the season.

Rev. Milton S. Weber resigned as pastor of the Presbyterian church at

Lawrenceburg and will move to Lebanon to take charge of a church April 1.
